

BAdW

Registration

Deadline for registration: June 4th, 2021

friederike.reichel@econ.lmu.de

Participation is free of charge, but registration is required.

The workshop will be online and the number of participants is limited to 50.

Organization

Dr. Peter Schwardmann is an assistant professor at the Seminar of Economic Theory at LMU Munich and since 2017 a member of the Young Academy of the Bavarian Academy of Sciences and Humanities. Since 2020 he is the principal investigator of the BAdW junior research group "The role of information in reducing CO₂ emissions".

Friederike Reichel is a PhD student at the Seminar of Economic Theory at LMU Munich and since 2020 part of the BAdW junior research group "The role of information in reducing CO₂ emissions".

Beliefs and Information about CO₂ Emissions

This workshop brings together researchers working on the determinants of individual action to curb CO₂ emissions. It will feature papers on how beliefs, information campaigns and social norms shape individual behavior as it relates to climate change. The workshop will be fairly informal and contain work in progress. We hope to stimulate discussions that identify gaps in the current literature and ways in which behavioral economics can inform policies aimed at curbing CO₂ emissions.

Program

- 2.00 **Introduction**
- 2.10 **Expressive Voting vs. Self-Serving Ignorance**
KATHARINA MOMSEN
(University of Innsbruck)
- 2.45 **Hate Trumps Love: The Impact of Political
Polarization on Social Preferences**
EUGEN DIMANT
(University of Pennsylvania)
- 3.20 **Perceived Social Norms and Willingness
to Fight Climate Change**
FELIX CHOPRA
(University of Bonn)
- 4.05 **Coffee break together**
- 4.25 **CO₂ Emissions and Consumption Behavior:
The Role of Beliefs, Information, and Attitudes**
TAISUKE IMAI
(Ludwig-Maximilian-University Munich)
- 5.00 **Feedback, Fast and Slow – a Field Study on Live
Feedback for Resource Conservation**
VERENA TIEFENBECK
(University of Erlangen-Nuremberg)
- 5.35 **Discussion**
CHRIS ROTH
(University of Warwick)
and
JOËL VAN DER WEELE
(University of Amsterdam)
